EDUCATION

BACHELOR OF ENGINEERING

Civil Engineering
Chiang Mai University
Second Class Honors (GPA: 3.49)
2022 - 2026

HIGH SCHOOL

Chalermkwansatree School
(GPA: 3.85)
2019- 2022

KEY SKILLS

Office: Excel/Word/PowerPoint
CSI Software: ETABS/Bridge
Autodesk: CAD/Robot/Revit

LANGUAGES

Thai: Native
English: TOEIC 585/CEFR-B1
Japanese: Basic

ACHIVEMENT

CERTIFICATE
Academic Excellence 2023

PROFILE SUMMARY

- Interested in Structural Design and Building Information Modeling (BIM)
- Had an internship experience as site engineer
- Participated in designing of bridge structures for the Capstone Project
- Expert in Microsoft Office Ex. Excel/Word/PowerPoint
- Intermediate in Civil Engineering Software Ex. ETABS/Bridge/Robot/CAD/Revit
- Eager and expect to join a professional team as a junior to contribute practical skills while learning best practices from senior engineers

PROJECT & EXPERIENCE

CAPSTONE PROJECT

Reinforced concrete bridge across Ping River

Nov 2025 - Apr2026

- Modeling and analysis of bridge models and structures in CSI Bridge
- Modeling the bridge model in Revit for cost estimation
- Calculate seismic force by using static equivalent method
- Participated in designing prestressed box beam and pile foundation
- Drawing a 2D plan of foundation
- Participated in cost estimation

INTERNSHIP

Site Engineer | Siam Multi Cons Co., LTD (SMC)

Apr 2025 - June 2025

Had an internship experience at Siam Multi Cons Co., LTD, at the One Origin Phayathai project, the One Origin Sanampao project in Bangkok, and at the Phayathai Bo Win Hospital project in Chonburi.

- Record the building defects caused by the earthquake
- Record end product defects
- Inspect the installation of doors and door hardware
- Inspect and supervise bathroom/toilet tile and sanitary ware and others stuff installation
- Control and facilitate the work of the workers
- Prepare inspection reports for architectural works

OTHER SKILLS

- Highly adaptable and quick to learn new thing
- Critical thinking and problem-solving mindset with resilience under pressure
- Good listener
